

# Safely Serving You and Your Family

At Pediatric Dentistry of Suffolk County & Nassau County, our number one priority is the safety of our patients and their families. In light of the COVID-19 pandemic, we have implemented many additional measures to keep our patients, staff members and their families safe. In order for you to prepare for your visit, we ask that you kindly review the below information.

## Our Procedures

In all of our offices, we have implemented the following procedures:

- Comprehensive pre-appointment screening process (for all patients, family members and team members)
- Temperature checks before anyone enters our offices
- Everyone is required to wear a face mask upon entering our offices
- Plenty of sanitizing stations
- Frequent cleaning of clipboards, counters, light switches, and other frequently touched surfaces
- Social distancing techniques
- Front Desk Barriers
- We have added hospital grade HEPA 13 purifiers as an additional safeguard

## Curbside Check-in

1. Please call us upon arriving in our parking lot.

Commack: (631) 486-6364

Medford: (631) 320-0880

Garden City: (516) 280-6734

2. Wait safely in your car or outside the office. Once we are ready to take you for your appointment, we will give you a call back.
3. We require everyone entering our practice to wear a mask upon arrival. If you do not have one, we will hand you a disposable mask prior to entering our office.

## Pre-Appointment Screening

Pre-Appointment Screening Includes completion of questionnaire and temperature check taken upon entering. Please fill out our **COVID-19 Patient Disclosure Form** and bring it with you to the appointment.

**We look forward to welcoming you back and providing excellent dental care in a safe environment!**
